### MAIN BALLY BAR - POPUP SERIES STATUS TAB

### BALLY BAR SERIES STATUS POPUP CAN BE FOUND HERE:

Template: "Popup Series Free Edit"

You can prebuild all scenarios for quick selection by using the square button to the right of the dropdown.

## \*NOTE: The popup will NOT automatically deactivate itself when the bar is flown-off.

When main bar is animated-off (with the popup activated), then when the main bar is animated back on again, the popup will pop back up again automatically.

## The Popup will stay activated until manually hidden.

This is by design - so that when you fly the bar on, the popup is automatically re-inserted and you don't have to worry about putting it back in manually.

If you do not want it to come back in automatically, then you should Hide the popup manually before you fly the bar back on.

The tab is also automatically overtaken by Power Plays and Delayed Penalty tabs, but will automatically insert itself back in again after those popups retract. **VERBIAGE FOR SERIES STATUSES:** 

\*NOTE - DUE TO SPACE AVAILABILITY, THERE ARE DIFFERENCES IN VERBIAGE Between the Bally bar popup, the L3RD rollout Nub drop-down, and the Big L3RD scoreboard qualilfier tab.
